As I've said before these numbers are a snapshot of our current position. Some people will have paid and then left the club so don't appear in these totals.

Total membership is up 4% since last year, at a 6 year high.

Seniors membership is slightly down since last year but essentially static to the extent that by coincidence 3 of the age categories have exactly the same number of members since last year.

Juniors membership is, on the other hand, up 23% since last year (and up nearly 40% since 5 years ago)

I would like to thank Emmanuelle Convers-Reignier who has stood down as Juniors Membership Secretary after 5 years, a duration well above and beyond the call of duty and to welcome Cheryl Packer who has taken over the role. I would also like to note that MemberMojo continues to be invaluable as a tool for managing the list of members and the juniors' registers.
